

MUSIC AGREEMENT

Music Production Project: _____

"FACETS" and "PERFORMER" _____ agree to the following for consideration of \$1 to FACETS.

FACETS will do items 1 through 6:

1) RECORDING - in one session up to 4 hours maximum of up to 70 minutes of final music or songs recorded at 44100 Hz, 16 bits/sample, 2 channels or standard Music CD specifications. Any additional hours required will be invoiced at \$75 per hour in quarter hour increments. The recording will take place at a location selected by the "Performer". Or recording can be provided by PERFORMER. FACETS will edit the recorded music into less than 15 songs and Master the songs for enhancement of the quality of the recording(s).

2) MUSIC RIGHTS - Coordinate with the Music Rights, Copyright, and Licensing owners. Any costs will be paid by the PERFORMER. If songs are in the public domain or original compositions, there will be no costs. PERFORMER will provide a list of the songs and music publishing owners prior to recording.

3) COPYRIGHTS - will prepare the forms for copyrighting of the performance and original songs for all of the music on one complete CD. The performance ownership of all of the songs will be together as a unit. If individual songs are requested to be copyrighted, the cost will be \$50 for each song to the PERFORMER. FACETS will pay for one copyright of the complete CD. The copyright can include the rights to original graphics and photographs. You can find all pertinent information at <http://www.copyright.gov/eco/> Note: Once a performance is recorded, it is copyrighted. Registration with the U.S. Copyright Office makes it easier to prove ownership. All Rights of the Copyright will be in the name of the PERFORMER, without out any rights to FACETS. PERFORMER grants that FACETS may use any portion of the music as an example of a FACETS produced music CD without any compensation to PERFORMER. FACETS agrees not to sell or gain any compensation for using any portion of the video.

4) CD PRODUCTION - will produce (100) CDs to include a CD with the edited recorded music with a label printed directly on the CD, a printed J-card and a 2 sided card inserted into a jewel box. The CD label, J-card, and 2 sided card will be designed with input from the PERFORMER. The PERFORMER can provide any graphics, photographs, or text that will be incorporated into the design. Additional quantities can be ordered at any time.

5) INTERNET - will create a web page that can be linked to any website and also linked to FACETSMUSIC.com. The web page will include a Music Player that can play a sample shortened portion of each song. If a viewer wishes to purchase a full version of the song and downloaded it, they will be able to purchase any song or songs using a PayPal interface which allows using all major credit cards. The web page will also include lyrics which can be accessed for each song and printed.

6) COMPENSATION - FACETS will receive \$5 for each CD delivered. Any and all Music Licensing Rights fees will be added to the \$5 when applicable. If individual Copyrights are requested, a one time registration fee of \$50 for each song will be invoiced to the PERFORMER. PERFORMER can charge whatever they wish. A typical price for a music CD is \$10. All downloaded songs will be by a donation amount as agreed with PERFORMER. FACETS will pay PERFORMER one half of all proceeds received. This music will be accessible via the World Wide Web.
