

# VIDEO AGREEMENT

Video Production Project: \_\_\_\_\_

"FACETS" and "PERFORMER" \_\_\_\_\_ agree to the following for consideration of \$1 to FACETS.

FACETS will do items 1 through 6:

1) VIDEO CAPTURE - in one session up to 4 hours maximum. The video capture will take place at a location selected by the PERFORMER. FACETS will edit the captured video into less than 10 minutes of content and include enhancements such as graphics, photographs, visual effects, titling, music, narration, and animation. The video will be edited to promote the PERFORMER according to attached addendum A.

2) MUSIC RIGHTS - If any requested copyrighted music is to be included, FACETS will coordinate with the Music Rights, Copyright, and Licensing owners. Any costs will be paid by the PERFORMER. If songs are in the public domain or original compositions, there will be no costs. PERFORMER will provide a list of the songs and music publishing owners prior to editing. If we do not get permission to use any copyrighted music, FACETS will use music that FACETS owns.

3) COPYRIGHTS - will prepare the forms for copyrighting of the performance and edited video. The performance ownership of all items included in the video will be together as a unit. If individual portions are requested to be copyrighted, the cost will be \$50 for each portion to the PERFORMER. FACETS will pay for one copyright of the complete edited video. The copyright can include the rights to all original portions of the video. You can find all pertinent information at <http://www.copyright.gov/eco/> Note: Once a performance is recorded, it is copyrighted. Registration with the U.S. Copyright Office makes it easier to prove ownership. All Rights of the Copyright will be in the name of the PERFORMER, without out any rights to FACETS. PERFORMER grants that FACETS may use any portions of the video as an example of a FACETS produced video without any compensation to PERFORMER. FACETS agrees to not sell or gain an compensation for using any portion of the video.

4) DVD PRODUCTION - will produce (100) DVDs to include a DVD with the edited video with a label printed directly on the DVD, a printed J-card and a 2 sided card inserted into a jewel box. The DVD label, J-card, and 2 sided card will be designed with input from the PERFORMER. The PERFORMER can provide any graphics, photographs, or text that will be incorporated into the design. Additional quantities can be ordered at any time.

5) INTERNET - will create a web page that can be linked to any website and also linked to FACETSMUSIC.com. The web page will include a Video Player that can play the video on the World Wide Web.

6) COMPENSATION - FACETS will receive \$5 for each DVD delivered. Any and all Music Licensing Rights fees will be added to the \$5 when applicable. If individual Copyrights are requested for portions of the video, a one time registration fee of \$50 for each video portion will be invoiced to the PERFORMER. PERFORMER can charge whatever they wish or even chose to give them out. \$10 is a typical price for a DVD of this length.
